DENTAL OFFICE INFORMED CONSENT

It is important to us that you, our patient, understand the treatment we are recommending and any invasive procedures we may with your agreement perform. We want to involve you in all decisions concerning invasive procedures you may need. We take informed consent very seriously in our office. Therefore, we only want you to sign this form when you understand that there is a risk associated with dental procedures, and all your questions have been answered. Dental treatment and procedures are not to be taken for granted as being routine or without risk for complications. As with all medical treatment to one's body, including dental treatment. There are no guarantees that the results will be as planned and to everyone's satisfaction. When dealing with the human body there are potentially many variables, some predictable and others are not. Complication rates in dentistry are low but do exist. Even a minor procedure like a "filling" can lead to major complications that cannot be foreseen. For example, "Novocain" injection could lead to allergic reaction, anaphylaxis, facial hemorrhage, swelling, bruising, and even hospitalization or death. Granted these are uncommon occurrences but individuals who are contemplating this should be aware of this prior to consenting. Whenever drilling is involved, even a simple cavity can lead to pulpal (nerve) problems, abscess, fractured tooth, and/or post treatment pain to biting and to temperature extremes (hot and cold). These complaints can be transient or may persist requiring further treatments. The above examples are only samples of possible complications with dental treatment and are not limited to these. In general, complications include but are not limited to pain, swelling, bleeding. infection, and other nerve problems.

I have read, understood and give my consent to dental treatments.

Appointment Policy

When we make your appointment, we are reserving a room for your needs. We understand that extreme or unavoidable emergencies or circumstances do arise which may require you to cancel your appointment. We ask that if you must change an appointment, please give us at least 48 hour notice. This courtesy makes it possible to give your reserved room to another patient who would like it. **We reserve the right to charge for any appointment(s) broken without a 48 hour notice. The charge will be \$50.00 for every thirty minutes of appointment time.** *Repeated cancellations or missed appointments will result in loss of future appointment privileges.* We feel that our patient's time is valuable. When your appointment is made, a room is reserved, your records are prepared, and special instruments are readied for your visit. Except for emergency treatment for another patient you can expect us to be prompt. We of course would appreciate the same courtesy from you.

I authorize use of this signature for all insurance submissions. I understand that I am responsible for all changes whether they are covered by insurance, as well as any additional collection costs if this office determines they are necessary.

I authorize this office to charge my credit card or bank account for any unpaid balances, including those after insurance payment. For those patients covered by insurance, we may accept assignment of benefits. This means you must sign the portion of your insurance form that assigns payment to our office. Very few insurance policies cover 100% of the cost of your treatment. Majority of dental insurances cover 50% or less on many services and cover nothing on others. Due to this, and the frequent delays in receiving payment from the insurance company, you will be asked to pay your deductible and your portion of your charges the day the service is rendered. We will estimate as closely as possible your coverage but until we receive the payment from the insurance company, it is just an estimate. Some patients request that we send in a pre-determination to their insurance carriers. We state what treatment you need, and they tell us what they will cover on that treatment plan. Many patients prefer to get service started immediately, and some treatments should be started immediately. In these cases, we will ask you to pay for your services in full as they are done. When the insurance company pays their portion, we will reimburse you for what they payed. We will assist you in dealing with the insurance company but ultimately the responsibility of payment and insurance problems lies with you. If we do accept assignment of benefits from the insurance company, if the insurance company hasn't paid after 45 days the full balance is expected from you personally.

The above policies apply equally to parents and guardians of minors being treated, and minors cannot be treated without a parent or guardian authorizing treatment and agreeing to financial responsibility. Thank you for reading and understanding our financial policy. If you have any questions or concerns; please feel free to ask them at any time. We wish to be of assistance in any way we can.

I HAVE READ AND UNDERSTOOD THE ABOVE DENTAL OFFICE INFORMED CONSENT; *APPOINMENT POLICIES, FINANCIAL & DENTAL INSURANCE POLICIES*
